FROM : PPT - John J. O'Dowd *[Signature]*

SUBJECT:

On April 18, 1966, Mr. Philip Temple, New York attorney in the office of Mr. Gollenbach phoned, Area Code 212, YU 6-3300. He advised that they represented the estate of the late Errol Flynn, and wished to review the file with regard to whether or not there was any information in the file indicating his domicile. He asked what would be required. I told him we would need a letter of authorization from Mr. Goldenbach, and a copy of Mr. Goldenbach's appointment as executor. I also told him that if the information was needed for court, a subpoena would be required.

He indicated that at this time they would only need to look at the file. I told him I would obtain the file and we could set up a time when he could come down. He indicated that he would call me on April 19, 1966, and if the file is available, he would take the next shuttle flight down. I requested Mr. Proctor to obtain the file and she advised me that ~~there~~ had been phoned to FRC and probably would not be available until late Tuesday.

Citizenship Status of Errol Leslie Flynn

Reference is made to your office memorandum of November 17, 1959 concerning the citizenship status of Errol Leslie Flynn.

The file in PPT shows that Mr. Flynn was born at Hobart, Tasmania, Australia on June 20, 1909. He presented certificate of naturalization No. 5503016 showing that he was naturalized before the United States District Court at Los Angeles, California on August 14, 1942. Passport No. 756941 which was issued to him on February 27, 1958 was extended on August 12, 1959 for the purpose of travelling to Spain, Tangiers and France for the purpose of producing a "short subject" motion picture based upon his travels to the above-mentioned countries.

PPT has no reason to believe that Mr. Flynn was not a citizen of the United States at the time of his death.

Dear Senator Smathers:

Further reference is made to your communication of April 16, 1959 in which you request any comments the Department might wish to make on certain marked paragraphs in the letter addressed to you by Mr. H. Milton Link of Fort Lauderdale, Florida, concerning the activities in Cuba of certain American citizens.

The letter from Mr. Link raises several questions which have required careful study. Any consideration given to the necessity for additional legislation in accordance with his recommendations must take into account existing laws and practices. The Immigration and Nationality Act, under Section 349(a)(3) thereof provides that loss of United States nationality shall result from entering or serving in the Armed Forces of a foreign state, unless such entry or service is pursuant to written authorization by the Secretary of State and the Secretary of Defense. The authorization has not been given to date in any case and the persons inquiring, of whom there have been hundreds since the law was enacted, are informed that such service has not and will not be authorized unless it is shown to be in the national interest.

The Passport Office recently has ruled that citizens who joined the forces of the movement headed by Fidel Castro, known as the Forces of the 26th of July, would lose United States citizenship under Section 349(a)(3) of the Immigration and Nationality Act by voluntary continuance in service after those forces became an integral part of the Armed Forces of the Republic of Cuba. Neither of the persons mentioned by Mr. Link requested authorization to join the revolutionary forces of Cuba, and we have no official information that they actually joined such forces.

The maintenance of friendly relations with any country is, of course, endangered by any revolutionary activity on the part of American citizens. The Neutrality Acts, as enacted, which were first enacted shortly after the adoption of the Constitution,

recognizing this,

The Honorable

George Smathers,

United States Senate.

recognizing this, provide for fine and imprisonment of persons found guilty of committing the specified offenses under certain conditions against a friendly power. Whether the provisions of these acts could be considered applicable with regard to the activities of the two persons mentioned by Mr. Link is a matter for determination by the Department of Justice.

The question of protection of United States citizens who reportedly have engaged in political or revolutionary activities in foreign countries is a thorny one. The Department of State has always considered it improper for our citizens to interfere in the political affairs of foreign countries, and by regulation it is specified that the right to protection may be lost by such individuals if they engaged in conduct which is detrimental to the interests of the United States. On the other hand, the President of the United States is required by law (22 U.S.C. 1732) to act in certain cases of imprisonment of a citizen of the United States by a foreign government. The Department was informed by the American Embassy at Habana, Cuba that Alan Robert Nye was one of several Americans held under arrest in Habana and that apparently no charges had been made against any of them. The Department intervened in his case, solely for the purpose of having specific charges levied against him, in order that he might obtain proper legal counsel and to insure that his rights under municipal or international law were being fully upheld. We were later informed that at the request of Mr. Nye's counsel the charges which had been levied against him were suspended on condition that he depart from Cuba within forty-eight hours. It is understood that he did so depart from Cuba on April 12, 1959.

The file in the case of Arrol Leslie Flynn contains no information whatever concerning his reported activities in Cuba and therefore we are in no position to give you any information in regard thereto.

It seems inconceivable to me that we should condone any activity of publicly seeking adventures, whether they be a Robert Nye or Errol Flynn, which subjects the State Department and Diplomatic services of our country to diverting their interests and attention to the protection of such inconsiderate persons.

During the past weekend I was in Havana and noted the publicity concerning Robert Nye and his revolutionary activities in Cuba. It brought to mind a recommendation which I have wanted to make. It seems to me that there could be a law which would prohibit any American citizen from participating in any revolutionary activities in any country, and, further, denying them the right of any protection of the United States Government in anyway whatsoever. Further, that they would be accountable to this country upon being returned, and, if guilty, punishable by Federal imprisonment. This situation, of course, should not apply in a situation which might be sanctioned by our government and where possible enlistment might be authorized.

Re: Errol Flynn

Dear Mr. Young:

During your absence I spoke to a member of your office on Wednesday, July 30th, to discuss with him the proposed visit by Errol Flynn to Jamaica, British West Indies. In accordance with his suggestion, I am setting forth in this letter the circumstances surrounding Mr. Flynn's visit to Jamaica.

Mr. Flynn is the owner of substantial properties in the Port Antonio section of Jamaica, B.W.I., which properties he has not had occasion to visit for several years. The Flynn Estates, being managed by local overseers and local attorney, have suffered by reason of absentee ownership. Problems concerning the cattle herd and the coconut crops, as well as the labor situation, have given Mr. Flynn a great deal of concern, and he has found it necessary and advisable in the protection of his interests, to travel to Jamaica to protect those interests.

Accordingly, on Thursday, July 31st, Mr. Flynn left for Jamaica where he estimates he will have to spend approximately three weeks in straightening out the estate problems. During that period he will live in a hotel near his property.

As I advised your office in my telephone call, Mr. Flynn has established residence at the Park Lane Hotel in New York City where he will continue to remain so long as his business activities as performer and motion picture actor do not require him elsewhere.

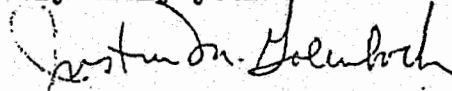

I was advised that although there was no reason why Mr. Flynn should not make this trip, it would be desirable that I write you this letter setting forth the facts contained herein.

Dear Sir:

I am a naturalized citizen. My passport #3929 expired October 1, 1957.

I request a renewal or extension because I have business interests in Jamaica, BWI, as I am an interested party in THE ERROL FLYNN ESTATES, Portland, Jamaica, and this business requires my presence down there sometime before January, 1958.

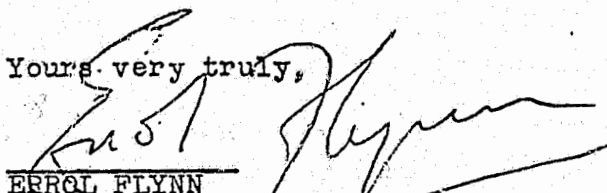

My passport is enclosed, sent by REGISTERED MAIL.

It is necessary at this point that I visit Jamaica for about two (2) weeks prior to January 1, 1958.

After June or July 1958, it will be necessary for me to go on business again to Jamaica, BWI, also to Europe, but I will apply for any further extension of my passport when I will know more definitely when I am needed abroad after June or July 1958.

If there is any further information required from me, kindly advise.

Yours very truly,

Dear Mr. Young:

I am writing to you in connection with the application of Errol Leslie Flynn for an extension of his passport for an additional two-year period.

January
I am enclosing herewith Mr. Flynn's passport No. 20179, covering the years 1951 and 1952, as evidence of the fact that Mr. Flynn did not reside in a foreign country during those two years. As evidenced by the passport, Mr. Flynn arrived in the United States on July 14, 1951 from a trip to Europe. He remained in the United States during the entire year except for the period from March 7th to April 18th, 1951, when he visited Jamaica, and for a period from June 28, 1951 to July 21, 1951, when Mr. Flynn went to Japan and Korea to entertain the armed forces.

During the year 1952, except for a period from April 1st to April 15th, Mr. Flynn was in the United States until June 12th, when he left for England. Mr. Flynn's services were required in England and on location in Europe from July 12th, 1952 to August 10th, 1952, pursuant to an employment contract between Errol Flynn and Warner Bros. Pictures, Inc., of Burbank, California, dated August 21, 1947. A telegram from Mr. R. J. Oblinger, Assistant Secretary of that company, is enclosed herein as evidence of that fact. After Mr. Flynn completed the production of the picture "Master of Ballantrae" for Warner Bros. pursuant to the requirements of his contract, he then commenced the production of a motion picture entitled "Crossed Swords", a picture produced in Italy for release by United Artists Corporation, New York, New York.

Proof of the fact that Mr. Flynn was in the United States during the first half of 1952 is the fact that Mr. Flynn

Willis Young, Esq.

produced the motion picture "Against All Flags" for Universal International Films, which picture was filmed in California.

I would appreciate word from you as soon as you have made a determination of Mr. Flynn's application.

I want to thank you for your cooperation in this matter.

Yours very truly,

Gentlemen:

I enclose, herewith, my passport, No. 20179, issued August 2, 1950, as requested.

While I'm committed with the State Department to proceed to the Korea area, on the 26th of June, I find it is necessary that I be issued a special passport and that I must return my regular passport, the number of which has been noted above.

I am asking the military authorities permission and authority to proceed after the 20th of July, 1951, to either Egypt or some other point that will get me to Europe on the urgent business which I gave up in order to go to Korea.

I now request that I be permitted to keep, in my possession, my passport, No. 20179, herewith enclosed, in order to permit me to proceed about my own business immediately after I have finished my Korean tour for the United States Army.

Secretary of the State

Dear Sir;

I wish to apply for a passport.

My purpose in requesting this passport is that I intend the filming of a motion picture tentatively titled "Treasure in Yucatan". This motion picture will be filmed in the following countries which scenario at present calls for, viz;

Yucatan, Mexico, Central America(exact country has not yet been decided upon) but will probably include Guatamala, Costa Rica and Canal Zone, and the south of France

I wish to proceed to these countries in my own vessel, the auxillary schooner "Zaca", which I have outfitted with all necessary equipment for this expressed purpose.

I wish to leave in early August of this year and my wife ~~Marion~~ *Leona* Eddington Flynn I wish to accompany me since she has been contracted to appear in a major role in the said motion picture production "Treasure in Yucatan".

To reach these above mentioned countries I will almost certainly have to make other ports of call, since the range of my vessel the Zaca with regards to provisions, water, fuel, is of a necessity limited. The intermediate ports of call I cannot indicate at this moment with certainty, since there are other considerations that must be taken into account such as weather, the hazards of the sea, which of course I cannot control.

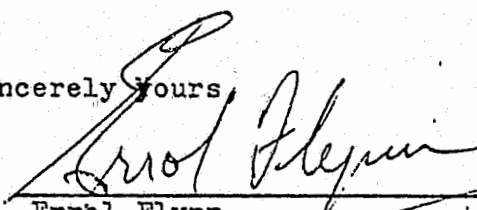

Hoping this explains my problems and that the necessary passport-

REMARKS OR ADDITIONAL ROUTING A review has been made of the passport records in the name of Dr. Hermann Frederick Erben who was the subject of Congressman Louis G. Wyman's June 25, 1968 letter to you (Attachment 2. to your memorandum to me dated June 28). He had travelled to various countries with United States passports between his naturalization on November 10, 1930 and the judicial revocation of his naturalization, as illegally obtained, on March 12, 1941. He was last issued a U.S. passport at Buenos Aires on December 1, 1939. Pursuant to a telephone conversation yesterday between Mr. Hugh Whitaker SCA and Mr. G. Cacciatore PT/F, the consideration sought on behalf of Dr. Erben is believed to relate to his desire to return to the United States as an alien. It is understood that the Visa Office has a considerable recent record in his name and will be in a position to respond fully to Congressman Wyman's letter. Dear Miss Watson:

For more than a year now I have been trying to assist Dr. Hermann Frederic Erben in the fulfillment of his long time desire to return to the United States.

I am certain that you have quite a file on Dr. Erben and I will therefore not go into all the details surrounding his case. Dr. Erben first arrived in this country on March 10, 1924; applied for citizenship and was naturalized on November 10, 1930, which certificate of citizenship was subsequently cancelled by the United States District Court on March 12, 1941. My correspondence with Commissioner Farrell indicates that Dr. Erben has never been advised of the specific charges against him which have resulted in his continued exclusion from this country for the past 27 years, nor have I been able to ascertain the real reason for his exclusion.

However, Commissioner Farrell did indicate to me in one of his letters, "In view of the passage of time since his (Erben's) exclusion it would appear appropriate to bring the facts in his case current to determine whether he is entitled to any benefits under the Immigration and Nationality Act."

I have advised Dr. Erben to follow this course and have just learned that he has filed a third preference petition through our Embassy in Vienna with the District Director of INS in Boston on June 21.

I would sincerely appreciate anything you might be able to do in bringing about a compassionate reevaluation of Dr. Erben's case so that he might once again in his waning years at least visit his adopted land.

I want to assure you that this is not in the nature of the "run-of-the-mill" case, but is one in which I have a strong personal interest. And I hope you will agree that Dr. Erben has long since paid the price for whatever "wrong" with which he has been charged and that a visa should be issued to him.

Thank you for your assistance.

Sincerely yours,

My dear Dr. Erben:

The Department has received your letter of May 13, 1940, in reference to your desire to obtain a passport to go to a non-belligerent country in the Near East as a surgeon on the staff of an American hospital.

In reply you are informed that the Department can give you no assurance that you would be granted passport facilities to go to any part of the world if you should make application therefor.

Mrs. Shipley, Dept. of State
passport division, Wash. D.C.

Dear Sir,

May I humbly most respectfully enquire, if I am
at the present time eligible for a U.S. passport!
In search for a position as medical officer, I have
successfully passed an interview, for position as
surgeon on the staff of an American hospital
abroad, conducted, by and for one of our biggest
American entrepreneurs. This hospital is located
in the near East, in a non belligerent country.
Application for passport would be made not
through me, but through the head office of the
company employing me.

Remembering the tragedy of my plight in 1935,
when moreover of the narcotic investigation,
I signed up for the Austro-Hungarian transan-
tic expedition, only to find, that I was inelli-

gible to get my american passport extended, I have learned a lesson.

I don't want to accept any position offered, unless I am able to sail this time, with an american passport.

Although I am glad to inform you that my conduct as an american citizen on a german ship in 1939 has been thoroughly investigated by the navy intelligence and the F. B. I. and found absolutely correct and above suspicion, I want to be absolutely sure, whether or not you will grant me a passport, to work for an american company in an american hospital in a non belligerent country, if asked for by the Camp. It would unnecessarily and uselessly harm my reputation, if I accepted a position and then could not get a passport, despite the companies efforts. Since I can not stall off decision any too long, may I ask for an answer at your very earliest convenience.

Most respectfully, James

H. F. Johnson, M.D.

Ky dear Mr. Hoover:

I have received your letter of April 2, 1940 regarding the desire of the United States Attorney at San Francisco, California to be furnished with information from the files of your Bureau concerning the case of Dr. Hermann Frederick Erben. You inquire whether it will be permissible to furnish the United States Attorney with the information contained in various despatches that have been received from American consular and diplomatic officers regarding Dr. Erben's case, copies of which despatches have already been furnished to you.

In reply you are informed that this Department has no objection to your Bureau furnishing the United States Attorney with this information upon the

Memorandum for the File

Yesterday and today Dr. Erben called at the Department and requested that the passport which was recently issued to him and which was thereafter taken up after his arrival in this country be cancelled and returned. While he was here I took from him passport No. 248504, which was issued on December 7, 1935 and which had been canceled.

Dr. Erben protested very much against the taking up of his 1935 passport and desires its return. Mrs. Shipley told Dr. Erben that we would not destroy the passports and that he might take up the matter again with the Department when conditions abroad are more nearly normal.

Dr. Erben wrote out and left the attached statement in which he claims that he did not use his passport in Spain and in China contrary to the restrictions contained therein. While his arguments are ingenious, they are not in accordance with the

facts

facts of the case, which are shown in the attached file.

Dr. Erben intimated that he might travel abroad without an American passport and possibly with a foreign passport. I warned him that in such case he would not be entitled to the protection of this Government. However, he stated that people in his line of business were not usually in a position to request assistance in any event, and that he was not greatly concerned with what happened to him.

Dr. Erben's passports should not be destroyed, nor should they be returned to him without the express authorization of the Chief of the Division.

PASSPORT DIVISION

Statement

Not of U.S. passport No 248504 as regards the amendments, limiting said passport for travel in Spain & China.

I Dr Hermann Frederic Eckert M.D. gave up my said passport No 248504 to the U.S. Consulate in Buenos Aires on Dec 36, since I at that time was sailing as ship surgeon on the S.S. West Mahanah.

I did not receive said passport back until on or about March 6th 1937; due to the fact that I had accepted a position offer to accompany my friend Mr Carl Flynn to Spain on or about February 20th 1937 and my passport did not return with me, I left for Europe on the Green Mary with Mr Flynn, without my passport. Entered England by special intervention of Mr. Flynn, without said passport. My papers and things to Europe therefore were accepted before any U.S. restrictions for Americans to go to Europe were in vogue. It was in London, where I first got my passport, where I was informed about restrictions imposed, after I had legitimately sailed to Europe. Since I had gone in my capacity as a surgeon I was eligible for special permission.

03:05:00

PASSPORT DIVISION

I made sure however that I was correct in the interpretation, that if the Dept. had intended to make this order of restriction retroactive, it would and could have done so. But this was not the case according to the information at the U.S. consulate in London. To be absolutely sure I again reported to the U.S. consulate in Paris. Mr Flynn and his wife Lily Danforth are my witnesses. I was informed by Mr Murphy U.S. consul at Paris on or about March 15th 1937, that the restriction was not retroactive, especially not in my case as a licensed physician, bound to do whatever he, to preserve his interpretation of my legal status, accepted my application for permission to do surgery in Spain, before I with his knowledge, officially sailed for Spain. I remained only about 12 days in Spain and left immediately after I was informed, that my continued stay in Spain was not granted, although I was a physician. I left Spain immediately, obeying this order, reported to Paris again and applied once more for permission to return. I awaited this answer in Austria, and proved by that action, that I not only entered Spain legally, but even lived up to the letter of the amendment by ~~staying legally within~~ Spain, immediately after amendment was issued.

PASSPORT DIVISION

I waited 4 weeks, and was informed that permission was refused. I therefore never went to Africa, but returned immediately to the U.S. from the I.S.

DEPARTMENT OF STATE

PASSPORT DIVISION

Having thus submitted documentary, traceable evidence, of having obeyed any restriction placed on passport No 248504 by entering Spain legally, leaving it after 12 days, awaiting revision outside of Spain, and never entering the prohibited area of China at all, I want to go on record, why I applied for permission to work as a surgeon in Red cross capacity, to use my skill as a surgeon, at a place where Red cross help was badly needed.

Not for adventure, not for any political "issues" such as communism - Fascism - Nazism, no. For I am an American, but to help, where I felt I could help, in a surgeons no blood tank, to save life.

As written proof I am in possession of letters from U.S. Consul in Kobe and Shanghai, and Paris. Also I refer to Encl Flynn & Lily Danville as witnesses, and cable and letters on file in said consulates. Since passport No 248504 holds 4 years of most unusual experience, I beg same to be kept on file and never to be destroyed, so that I can apply for same, after world peace has been restored.

Dear Mrs. Shipley:

The enclosed service passport No. 272, issued at Buenos Aires, Argentina, on December 1, 1939, was picked up last Tuesday from Mr. Hermann F. Erben, who was a seaman on the SS Nightingale.

It has been learned that Mr. Erben merely wanted the use of his passport for identification purposes here in the city. He was informed that it could not be returned to him for this purpose, and that it would be forwarded to the Department for its files and records.

Sincerely,

To

Sirs:

Referring to the Department's confidential mimeographed instruction of September 2, 1938 (Embassy, Legation or Consulate file no. 130), entitled Passport Facilities for Dr. Hermann Frederick Erben, you are requested to inform the Department by air mail of any information which may come to your attention regarding Erben's activities and whereabouts. Certain indications suggest that he may be a German agent, and his actions have been called to the attention of the Department on a number of occasions. Since the outbreak of the war he has served on a German vessel as ship's surgeon and was last reported to have been en route to the United States from the west coast of South America as a workaway on an American vessel, the S.S. Nightingale.

Very truly yours,

MEMORANDUM

February 12, 1940.

Mr. Warren:

With reference to your telephone conversation with Mr. Elliott of this Division, there is enclosed the passport file relating to Hermann Frederick Erben and despatch No. 776 dated January 23, 1940, from Buenos Aires, and it is suggested that you might desire to make Dr. Erben's case the subject of a circular instruction to all offices in Central and South America.

It is felt that a very useful purpose might be served in warning consular officers against this individual who is definitely a troublemaker and possibly a Nazi spy. It would seem highly desirable that the consular officers be requested to inform the Department by telegraph of any information which may come to their attention regarding Erben's activities and whereabouts.

Please note that consular officers have been previously advised to refer any passport applications by this individual to the Department. It will also be noted from the attached memorandum that proceedings to cancel his naturalization have been recommended to the

the Attorney General by the Department of Labor. For this reason it is desired that the consular officers in Central and South America be instructed to take up Dr. Erben's passport, if an opportunity should offer, and limit it in validity to be valid only for the bearer's return to the United States.

MEMORANDUM FOR THE FILE

DIVISION 10
FEB 20 1940
THE AMERICAN CONSUL
DEPARTMENT OF STATE

February 9, 1940.

A telephone inquiry of the Immigration and Naturalization Service (Miss Hoover, Branch 138), resulted in information to the effect that the naturalization of Hermann F. Erben has been under investigation for some time. Miss Hoover said that Labor's files show that a recommendation has been made to the Attorney General that Erben's naturalization be cancelled as having been illegally and fraudulently procured. It was said that the charges are based upon the fact that Erben concealed absence from the United States during the five-year period preceding his naturalization, that he illegally entered the United States in 1926, and that he served during the five years preceding his naturalization as a member of the crews of foreign vessels. The illegal entry is said to have taken place when he was given a two weeks permission to stay in the United States upon the basis of his fraudulent statements that he desired to leave the vessel upon which he was employed for that period to visit hospitals in this country.
